

# Fito K2 Softgel

Contains Vitamin K2 with high bioavailability obtained from natto (typical Japanese food), through a patented fermentation process.

Vitamin K2 contributes to maintenance of normal bones and the prevention of cardiovascular health.  
Vitamin K2 favors the deposit of calcium in the bones, taking out of the bloodstream where it can result in calcium precipitation in arteries, aorta and soft tissues.

## DOSAGE

It is recommended to take 1 or 2 pearls daily at the main meal.  
Do not exceed the recommended dose.
